EDUCATION

Coding Bootcamp, University of Toronto School of Continuing Studies, Toronto, Ontario
Full Stack Developer, Class of 2021
- From January of 2021 to April of 2021, I will be learning how to develop both client and server software

University of Toronto Law School, Toronto, Ontario
Juris Doctorate, Class of 2024
- Beginning in September of 2021, I will begin my Juris Doctorate at the University of Toronto Law School

Law School Admissions Test, LSAC, Toronto, Ontario
- Scored within the 95th percentile with a score of 168 on the LSAT

Smith School of Business at Queen's University, Kingston, Ontario
Bachelor of Commerce, 2020
- Received an Entrance Scholarship and the D.I. McLeod Dean's List Scholarship
- Focused Degree on Entrepreneurship and Social Impact, and received a Certificate in Social Impact
- Exchange to Nova School of Business and Economics, Lisbon, Portugal (Winter 2019)

TECHNICAL SKILLS
- Currently proficient in HTML, JavaScript, Bootstrap, and CSS, and have experience using API's and Node.js
- By April 2021, will have knowledge in Object Oriented Programming, React, Algorithms, My SQL and Big Data, and more.
- Projects:

  Tourism App:
  Created a tourism web application alongside a team of 4 other individuals. The web app allows users to compare and contrast different country statistics in order to make a travelling decision. Languages used are JavaScript, HTML, and CSS.
  Link: https://github.com/Alexgoldman98/Tourism-App

  Work Day Scheduler:
  Created a web application that functions as a daily planner. The app uses local storage to save the user's daily events. Languages used are JavaScript, HTML, and CSS.
  Link: https://alexgoldman98.github.io/workDaySchedulerHW5/

  Coding Quiz:
  Created a web application that functions as a quiz, where time is taken off the timer if the user gets the question wrong. Their high score is then saved to local storage. Languages used are JavaScript, HTML, and CSS.
